

Are you struggling with persistent runny nose and nasal congestion?

These symptoms may indicate Chronic Rhinitis. The NEUROMARK Randomized Controlled Trial is evaluating the NEUROMARK Therapy at Breathe Clear Institute for the treatment of Chronic Rhinitis. You may be eligible to participate in a clinical trial and help make an impact on Chronic Rhinitis Treatment.

Individuals may qualify to participate if they:

- Are 18 years of age or older
- Have chronic rhinitis
- Have moderate to severe symptoms of runny nose
- Have mild to severe symptoms of stuffy nose
- Have not had other surgeries to treat chronic rhinitis
